

Building Energy has been a leader in the Vermont energy service industry since 2007. We are the largest Home Performance with Energy Star contractor in northwestern Vermont. Our “whole systems approach” to building performance incorporates conservation, efficiency and renewable energy.

Building Energy is looking for an experienced BPI Certified Energy Auditor to join our dynamic team in Williston, Vermont. As a business specializing in deep energy retrofitting, remodeling and extensive reconstruction of thermal barriers, experience in construction is a plus!

You will be responsible for conducting initial home energy audits, preparing comprehensive energy audit reports that include recommended work-scope with contracted pricing, conducting sales follow up and ongoing customer service, managing the project kick-off, and conducting final test outs.

Our auditors are expected to be “hands on” from the initial audit all the way through the final test out providing excellent customer service. Our goal is to develop lasting professional relationships with our clients that will foster referrals and return business.

We offer year-round full-time work, competitive pay, and benefits. Must have a valid driver's license with a good driving record.

If you are interested in this position, please contact Scott Gardner - sgardner@buildingenergyus.com.
